Dear Timm,

As mentioned in our conversation I am not able to proceed the CP course from Sunday 22 July 2018 onwards. Circumstances require returning back to country of residence.

The financial status is discussed with the company, who agreed proceeding the full payment as per our agreement. I look forward proceeding the training when it's more convenient, to complete the entire course as per the given standards.

My return flight has not been confirmed yet, but if a drop off to the airport between 9.00-12.00 am tomorrow (22 July 2018) can be arranged, would be appreciated.

Do you want me to inform the group and Craig about this decision myself?

My sincere apologies for the inconvenience, if there are any questions do not hesitate to call or mail.

Kind regards,

Hendrik Slobben

Sad that you must leave us at this point.

Thank you for your confirmation on finances - can you clarify when the funds will be deposited?

I will make arrangements for a lift to the airport between 9-12 tomorrow.

Please hand your key and card to a colleague in your room to return on Monday.

Travel safely and we look forward to your return to complete week 2 to 5!

Kind regards
